DGTR Series

Model DGTR

This flush, dual gasket floor cover is designed for interior applications where larger movement is required and a concealed cover is desired. With a deep extruded aluminum base frame, the soft section of the gasket allows for full movement and the center plate has a standard recess of 1/8" to accommodate various floor finishes.

Advantages

- Flush, concealed cover
- Hygienic
- Quiet
- Accommodates light wheeled equipment
- Self-centering center plate
- Dual gasket allows for larger movement requirements
