

## 8PH Series

Stainless-steel corner guards have superior protection and shock-absorbing qualities for those high-impact traffic areas. Perfect for areas where a metal look is desired and aluminum isn't allowed. Ideal for new construction.

---

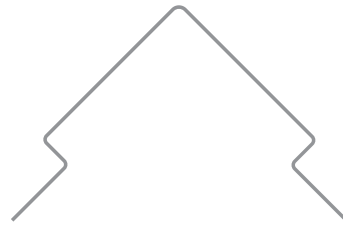

### Advantages

- Mechanically fastened
- Mounts flush with drywall for a seamless look
- Durable for high impact
- Easy to clean

---

### Applications

- High-abuse environments
- Corridors
- Back of house
