

Fabrics

CS offers a wide variety of standard and designer fabrics to meet your privacy curtain needs, including our exclusive CSelect™ curtain fabrics. Providing choices of the most captivating fabrics from leading manufacturers helps us create a product that perfectly fits your privacy vision.

All of our curtains are manufactured using double-needle interlock tailoring. This process ensures durability and a finished look on both sides where the nylon mesh meets the curtain.

Choose from our array of colors and styles that can easily be incorporated into any of our privacy curtain system offerings, or contact us directly to get started on your custom curtain.
