

LG Series

Clear corner guards provide unobtrusive protection for light-impact areas by allowing wall color or pattern to show through. Recommended for low-traffic areas.

Advantages

- Durable, scratch-resistant clear polycarbonate
- Available in several leg lengths
- Pre-drilled holes for easy installation
- Corner protection that's virtually invisible
- Easily replaceable

Applications

- Hallways/corridors
- Reception areas
- Cafeteria/dining spaces
- Common areas

Model LG-300
