

Cascading Sunshades

These sunshades come with an exciting "floating" effect. Supported with tensioned cables, the system can be quickly and efficiently constructed on-site, thanks to the integrated aluminum collar.

Features

- Filter in natural light without obstructing views
- Highly customizable design options
- Provides occupants visual and thermal comfort
- Minimizes direct solar heat gain to reduce cooling costs and the heat island effect
- Helps reduce glare
- No outrigger required
- Optional LED lighting
- Fully engineered and assembled for easy installation
- Continuous appearance with minimal support structure
- Functions as an architectural feature for the building

Applications

- Any application where either solar (daylighting) control is needed or where architectural accents are desired.

Cascading Sunshades
