

## FCS Series

Model FCS

This serrated, single gasket ceiling cover is ideal for interior applications where minimal visual impact is preferred and where hygiene is critical. The ribbed center section of the gasket allows movement up to 200%. This series is also designed to match select flush wall cover systems. Gasket profiles vary based on joint size to offer flexibility in installation and field construction.

### Advantages

- Single gasket allows for minimal visual impact
- Hygienic
- Serrated profile
- Allows up to 200% movement
- Suitable for acoustical tile ceiling construction
- Corresponding wall covers for seamless sight line
