Acrovyn by Design® Metallics Collection

The Acrovyn by Design® Metallics collection offers a unique way to add a high-end aesthetic to any interior space. The combination of various colors and patterns with a metallic film illuminates a space while keeping it protected. Available in both sheet and panel products, the Metallics collection offers an extra level of luxury, whether it is adding a subtle elegance or making a bold color statement.

Advantages

- Three visual options in 23 colorways, providing 69 radiant combinations
- Available in two configurations: wall panels and direct applied sheet
- The metallic shimmer captures light and adds movement to the color creating a unique, high-end aesthetic
- Shallow texture makes it easy to clean and doesn't foster bacterial growth
- Acrovyn has been proven to provide protection against heavy wear and tear even in the toughest of places
- Cost alternative to real metals
- Coordinates with our entire Acrovyn line to create a visual statement in any interior
