

| Cubicle Curtains + Track System

Due to the simplicity of CS Cubicle Curtains track system, there are no specific operating or maintenance manuals. The all-nylon wheels and axles of CS carriers are designed to perform flawlessly.

No lubrication is necessary, and short of occasional dusting, there are no further actions required.

For specific curtain care and maintenance instructions, please refer to the laundering instruction label sewn onto each and every CS curtain.

For further questions regarding care and maintenance, please contact our
CS Factory Customer Service team using the following information:
