

CO Series

Stainless steel corner guards have superior protection for those high-impact traffic areas. Perfect for areas where a metal look is desired and aluminium isn't allowed.

Advantages

- Durable stainless steel for long-lasting protection
- Rustproof
- Nonporous, easy to clean
- Beveled edges to hug corners, which allows for less catching hazard

Applications

- High-abuse environments
- Corridors
- Back of house
- Commercial kitchens
- Loading docks
- Lobbies

Model CO-8

CO Series
