

## CSelect™ Disposable Curtains

CSelect™ Disposable Curtains from left: **Turtle Grass** Tides, **Limestone** Waterways, **Beachgrass** Bayside

CSelect Disposable Curtains are a coordinated collection of design forward disposable curtains that draw inspiration from their fabric counterparts. Just like the CSelect Fabric collection, CSelect Disposables are designed with natural elements in mind, bringing calm and tranquility to a space. Perfect for critical care, isolation areas and emergency areas, these curtains provide the aesthetic of real fabric, while meeting the functional requirements of disposable curtains.
