Entrances

Extend the lifespan of your main floors and increase occupant safety by selecting a CS entrance flooring solution to keep floors clean, dry, and safe. Our systems scrape dirt and water off footwear, causing the debris to fall through its free area and can then be rolled back or lifted for easy cleaning.

Solution Highlights

The Industry Standard in Entrance Flooring

Pedimat offers maximum dirt and debris stopping performance in high-traffic restaurant entrances. Pedimat is easy to clean and roll back, making maintenance simple.

The Future of Entrance Flooring Starts Here

Helix interlocking modular tiles stop dirt and debris at the door. Its exceptional rolling load capacity and debris recess make it the perfect solution for restaurant entrances.

Counters + Stations

Counters and stations are the hub of any restaurant space. CS wall covering and panel collections provide designers and brands with the freedom to create unique and compelling spaces made even better with easy upkeep and maintenance.

Solution Highlights

Impact-Resistant and Versatile

Acrovyn by Design and Acrovyn Wall Coverings are the perfect solution to protect gym interiors subjected to daily abuse. Explore the exciting solid colors, woodgrains, patterns and brushed metals.

Waiting Areas

The design of the waiting area has a direct impact on the overall guest experience in a restaurant. A welcoming space will make guests more comfortable while waiting for a table. Waiting areas experience high-traffic and are more prone to scuffs or scratches, making CS interior product solutions ideal for protecting walls and surfaces.

Woodgrains and Brushed Metals

Explore the latest Acrovyn woodgrains and brushed metal finishes, perfect for incorporating warmth into waiting areas. Acrovyn is more durable than laminate and stained wood, so your vision will be preserved for years after installation.

Restrooms

A brand doesn't end at the restroom door - functionality, cleanliness, and safety are important factors in designing for restrooms. CS products allow you to extend the same brand promise whether it's the entrance, dining areas, or the restrooms.

Increase the Lifespan of Your Doors

Designed to withstand daily traffic and wear without sacrificing aesthetics and design, Acrovyn Doors protect against wear while integrating with our complete line of Acrovyn Wall Coverings and Wall Protection.

Exteriors

Feel confident in the design of your building's façade. CS products are made to function, but they also help shape the desired aesthetic. The right product choices for a building's exterior will reduce energy costs and optimize the building's performance but will also attract guests to experience your restaurant.
