

FCF Series

Model FCF

This flush, single gasket ceiling cover system is ideal for interior applications where minimal visual impact is preferred. Gasket profiles vary based on joint size to offer flexibility in installation and field construction. This series is also designed to match select flush wall cover systems.

Advantages

- Single gasket allows for minimal visual impact
- Hygienic
- Flat profile
- Gasket edges lock into aluminum retainers to prevent hairline gaps
- Suitable for acoustical tile ceiling construction
- Corresponding wall covers for seamless sightline
