entrance mats

Entrances

Extend the life span of your main floors and increase occupant safety by selecting a CS entrance flooring system to keep floors clean, dry, and safe. Our systems scrape dirt and water off footwear, causing the debris to fall through its free area and can then be rolled back or lifted for easy cleaning.

Solution Highlights

The Industry Standard in Entrance Flooring

Pedimat offers maximum dirt and debris stopping performance in high-traffic retail entrances. Pedimat is easy to clean and roll back, making maintenance simple.

The Future of Entrance Flooring Starts Here

Helix interlocking modular tiles stop dirt and debris at the door. Its exceptional rolling load capacity and debris recess make it the perfect solution for retail entrances.

Checkout + Order Pickup

The checkout and order pickup areas play a key role in influencing the guest experience. We make it possible for retailers to execute the design they envision with a variety of products, materials, and finishes to customize the perfect look.
