

AFW Series

Model AFW

This flush metal wall and ceiling cover is designed for interior applications where low maintenance or tamper resistance is desired. The free-floating aluminium centre plate spans the joint and slides between retainer assemblies to allow for required movement. The cover can be painted to match nearly any finish, and is available in aluminium, brass or stainless-steel decorative alloys.

Advantages

- Low maintenance
- No exposed fasteners
- Paint to match surrounding finishes
- Installs in a variety of wall construction
- Flush in drywall applications
- Corresponding floor covers for seamless sightline
- Vapour & Fire Barrier optional
