

Lite Frames

Lite kits and factory-glazed glass can be added to any of our Acrovyn® Doors. They provide light into rooms and add safety for well-traveled corridors. Our extensive line of lite kit options can satisfy any of your door requirements for both functionality and aesthetics.

Advantages

- Options include matching Acrovyn face wrap on the lite kit for a cleaner, coordinated look
- Manufactured with proper gasketing so lite kits won't move or flex
- Able to install the lite kit and glass in-house and ship the door as one unit
- Broad range of customizable aesthetic options to complement any design need
- Custom shapes add a unique aesthetic to the door and overall design

Applications

- For high-traffic areas where lite kits are desired to allow extra light, provide visibility into a space, or just for elevated aesthetics

Building Segments

- Healthcare
- Senior Living
- Education
- Hospitality
