

## HRB-10C

The HRB-10C series is a handrail/crash rail combination model that is available in both Acrovyn finishes and real wood options. Several model variations are designed to promote the safety of patients, staff, and visitors in behavioral health facilities.

### Advantages

- With an extensive offering of functional and aesthetic options, this model can help meet endless design needs
- Integrate up to three different solid colors, woodgrains, and/or, brushed metals
- Durable, easy to clean Acrovyn is perfect for high-traffic areas
- Factory-finished wood handrail and end caps available
- Substantial securing of splice and end cap
- Acrovyn Quick Lock™ mounting brackets available for quick and easy install, perfect for already occupied areas
- Behavioral health models feature continuous aluminum bracket
- Low VOC water-based wood finishes

### Building Segments

- Healthcare
- Office & Mixed Use
- Retail & Hospitality
- Senior Living
- Aviation & Transportation
