## **Construction Specialties Appoints Katie Domenico as Vice President**

**(LEBANON, NJ) May 2026** – Construction Specialties, a global leader in building products manufacturing, is proud to announce the appointment of Katherine Domenico as vice president of sales for North America.

Throughout her career, which spans more than two decades, Domenico has established a proven track record of sales leadership. Her expertise is grounded in the building products industry, where she has built and led high-performing sales and marketing teams, expanded customer segments, secured enterprise contracts, and strengthened strategic partnerships. Most recently, she served as vice president of commercial restoration at Carlisle Companies.

“Katie brings deep experience and more importantly, she aligns naturally with our values: people-first, agility, solutions-driven, and integrity,” said Nick C. Longman, Construction Specialties CEO. “She leads with people at the center of every decision and believes that when individuals are supported, trusted, and given the clarity they need to succeed, the results take care of themselves.”

Previously, Domenico held progressive roles at SRS Distribution, Johns Manville, Avnet Technology Solutions, and Pulte Homes. Her appointment as vice president represents a pivotal move in strengthening the company’s leadership and supporting continued growth in the evolving construction industry.

CS products are manufactured and distributed around the world, and with a 75-year legacy of innovation, CS continues to be a trusted partner for architects, designers, contractors, and building owners. From its headquarters in Lebanon, NJ, CS operates North American facilities in Hughesville and Muncy, Pennsylvania; Del Rio, TX; Fort Valley and Kennesaw, GA; Mississauga, Canada; and Acuña, Mexico.

### **About Construction Specialties**

Founded in 1948, Construction Specialties (CS) is a family-owned, specialty building products manufacturer. CS provides solutions to challenges that architects, designers, building owners, facility managers, and contractors face every day. Since inventing the first extruded louver, CS has become a global leader in all our product categories: Acrovyn® interior wall protection, impact-resistant doors, entrance flooring, expansion joint solutions, architectural louvers, sun controls, architectural elements and privacy curtains + tracks. Drawing upon our decades of experience, CS provides extensive services resulting in high-quality products found in some of the world’s most significant architecture. For more information about CS products and solutions, please visit [c-sgroup.com](http://c-sgroup.com).
