

## Environmental Policy

**Construction Specialties Australia Pty Ltd is committed to the protection of the environment and the continuous improvement of its performance in the reduction of environmental impacts. This commitment applies across the whole of our business covering the manufacture & distribution of:**

- Acrovyn Wall Protection System, comprising handrails, crash rails, bumper guards, corner guards, wall sheeting and door and door-frame protection;
- Pedisystems, comprising entrance mats and grids;
- Expansion Joint Cover Systems;
- Louvers and Sun Controls;
- Explosion Vents

As part of this commitment, Construction Specialties Australia will:

Plan for and conduct site operations in a manner that safeguards health and safety whilst minimising environmental impacts.

Work to prevent pollution and the protection of our natural resources through, but not limited to, compliance with all applicable legal and regulatory requirements, waste reduction and other established programs in which we participate.

Strive for continual improvement of our business processes, products and activities. Environmental objectives are established and monitored using targets that measure our progress toward minimizing depletion of natural resources and potential significant environmental impacts.

Communicate our environmental policy to employees, suppliers, contractors & other interested parties to encourage participation in achieving our environmental objectives.

Promote this commitment by making copies of this policy available to the public.

Approved: \_\_\_\_\_
