

Acrovyn by Design® Tapestry™

Tapestry™ is the artful fusion of Acrovyn® and woven fibers designed to enhance the sophistication of any interior space, while beautifully coordinating with CS interior product systems.

Advantages

- Fuses the depth and beauty of woven fibers with Acrovyn®
- PVC-free and features up to 50% post-consumer recycled content
- Available in two configurations: wall panels and direct applied sheet
- Cleanability and protection in a uniquely engineered composite that traditional wall coverings and fabrics can't match
- Natural variation in the woven textiles bring artisan charm to any space
- Beautifully complements entire Acrovyn line
- Inspires a sense of connection to nature and the experiences within

Applications

- Feature/accent walls
- Lobbies
- Headwalls
- Entry ways
- Reception areas

Building Segments

- Hospitality
- Retail
- Education
- Healthcare
- Health & Wellness
- Mixed Use
- Corporate & Commercial
- Senior Living
